Voice: We listen to the customers' voice and are open to their criticism regarding the service we offer and to their ideas as to how we can improve our service to them. We consider the ideas received from our customers, and strengthen the scheme of ideas forwarded by our employees;

Design: We develop policies and processes which reach the levels expected by our customers;

Delivery: We deliver a service which is timely, of a high standard, easily accessible, and which can reach the customer with ease;

Accountability: This is intrinsic to a service which guarantees honesty towards the customer. Accountability also means loyalty towards the customer making use of our services, which translates into, and is manifested in these same basic principles we want to uphold.
